

Sunday, May 10th, 2020

Pre-Conference Institutes - 2:00 - 6:00 PM

Institute 1

Generational Health

Aging & HIV

Syncing Long Term Care + Community Mental Health, Resilience Models, & Harm Reduction

Supporting Health and Lifestyle Management through Occupational Therapy for Aging Adults Living with HIV-Associated Neurocognitive Impairments

Aging with HIV: Experiences of Stigma and Spirituality of Black MSM

Empowering Youth Leadership

Using Undergraduate Peer Health Educators to Implement a Culturally Appropriate HIV/STI and Substance Abuse Prevention Intervention on a College Campus

Who's a Peer?: An Inter-generational Approach to Sexual Health Education

Community Health Workers Intervention

Expanding Sexual Health Across Generations (I1-GH3)

Hope & Help's Strength Through Youth Livin' Empowered (S.T.Y.L.E.)

Supporting Sexual Wellness in LGBT Older Adults

Youth Initiative Program and the Campus Approach: Comprehensive Sexual Health Education for Youth Across New York State

Sex, Drugs, and HIV/STIs: Utilizing TTM, PYD, and High-risk Black/Latino Teens to Reduce the Risk for HVI/STIs

Institute 2

Introduction to Biomedical Interventions

Prioritizing PrEP Facts: 10 Common Myths Preventing Uptake

Results of a Survey of PrEP Patients in Virginia

Breaking Through: PrEP Marketing Innovations

Institute 3

Telehealth/Telemedicine

Closing the Gap in HIV Disparities: A National Quality Improvement Initiative That Led to Measurable Reductions in Viral Suppression Rates

HIV Pre-Exposure Prophylaxis (PrEP) Accessibility in a Rural Community Utilizing Telehealth Services: A Pilot Program

Leveraging mHealth to Address Unmet Social Support Needs Among Spanish-Speaking Latinx People Living with HIV

Our Quality Improvement (QI) Story and Journey – QI Storyboards and Lessons Learned from CQII's National End+Disparities ECHO Collaborative

Overcoming Barriers to STI Prevention in a Conservative Frontier Population

Tested: Providing Health Information in an Unexpected Digital Space

Test at Home with OHIV: Ohio's Premiere At Home HIV Testing Program

Institute 4

Transgender Health

Holistic Health for Trans & GNC Southern Communities: Putting Culturally Humble Clinical Health, Harm Reduction, and Preventative Health Programs Under One Roof

Outcomes of a Syndemic Approach Urban Adolescent and Transitional Age Youth Transgender Integrated Care Program

Focusing on Trans Women of Color's Health

The 'T' Won't Be Silent: Health Disparities Among Transmen and Transmasculine People

Cultural Competency: Gender and Sexual Minorities

Reaching Hard to Test Communities in the Ball/House Scene

Institute 5

Women's Health

BLACK EFFECT: Women it's Your Voices, Your Path to End HIV

Institute 6

Community Access National Network to Host 5th Annual National Monitoring Report on HIV/HCV Co-Infection

Monday, May 11th, 2020

Opening Plenary: SYNCing the Syndemics - 9:00 AM - 10:30 AM

TRACK SESSION 1 - 10:45 AM - 12:15 PM

Clinical Health

Behavioral Health Integration

Increasing Meaningful Mental Health Engagement with Youth Living with HIV: An Examination of Quality Improvement Initiatives
Diving Beneath the Surface of Health Systems Using Implementation Science: A Behavioral Health Integration Project Leveraging CQI and Data to Care
Mental Health Integration into the HIV Primary Care Setting
Using Practice Facilitation Coaching and CQI Methods to Build Workforce Capacity in Providing Integrated Behavioral Health Care for People with HIV

Health Systems / Fiscal Health

Planning

Integrated Planning 2.0: What you need to know for your next Integrated HIV Prevention and Care Plan
End the Epidemics: Californians Mobilizing to End HIV, HCV, and STDs

Hepatitis C

Testing and Treatment Models

Acceptability of Shared Medical Appointments for HCV Treatment Among Veterans: Results of a Quality Improvement Intervention
HCV Treatment Initiation During Inpatient Substance Abuse Care
One Stop Shop: Hepatitis C Outreach, Testing, and Telehealth
Developing a Perinatal Hepatitis C Program

HRSA/HAB

SPNS Initiative

Use of Social Media and Digital Technologies to Improve Outcomes Along the HIV Care Continuum of Youth and Young Adults Living with HIV
Improving Sexually Transmitted Infection (STI) Screening, Testing, and Treatment among People with HIV: The Launch of a Ryan White HIV/AIDS Program (RWHAP) Special Project of National Significance (SPNS)

Innovative Practice

Linkage and Retention in Care for Health Outcomes

Meeting Clients Where They Are, Literally: Outreach Testing, Linkage to Care and Other Support Services in the Rocky Mountain State
Innovative Practices to Increase Client Engagement and Retention in Rural HIV Clinics
Mobile Outreach and Retention (MORE) Program for HIV+ Patients at Whitman Walker Health in Washington, DC: A Novel Approach to Keeping People in Care and Achieving Viral Suppression
GREAT: An Innovative Intervention That Marries Medication Therapy Management and Enhanced Personal Contact

LGBTQ+

Improving Healthcare Access and Experiences

Enhancing Cultural Competence Skills to Engaging LGBTQ+ in HIV Services
LGBTQ Military Servicemembers' Experiences with Healthcare
The Battle to Ban: The History and Efficacy of International LGBTQ Conversion Therapy Laws
LGBTQ Health In Non Urban Settings

MSM of Color

Learning and Curriculum

From Soup to Nuts, the Implementation of the Transform Curriculum in the DC Health Department
Gentlemen Respecting and Interacting in Truth (GRIT): Healthy Black Masculinity
The Bodemé Workshop: An 8-hour HIV Prevention Intervention for Black Gay Men
Achieving Health Equity Through Learning Collaboratives

PrEP	<p><u>Adherence and Retention</u></p> <p>Using Smart Phone Technology to Support PrEP Uptake and Adherence Best Practices to Improve PrEP Adherence and Retention Improving Retention in Care via Enhanced Adherence Monitoring</p>
Social Determinants of Health	<p><u>Impact of Social Determinants of Health on Health Equity</u></p> <p>Using Your Data through a Health Equity Lens to Enhance HIV Testing and Prevention Efforts Ending the HIV Epidemic in Puerto Rico: An analysis of Social Determinants and its Impact On Effective Healthcare Strategies Measuring Social Determinants of Health: Creating an Index to Monitor Health Outcomes among People Living with HIV Listen Here, Listen Now, They Talk we Listen</p>
Substance Use / Opioids	<p><u>Addressing IDU / PWID</u></p> <p>Stick Em' Up! Winning the Shootout with Infectious Diseases in Active Intravenous Drug Users (IVDU) Using a Healthcare Utility Belt Utilizing Real Time Data Collection to Improve Syringe Access Program Service Delivery in Rural Areas The State of Safe Consumption Spaces in the United States: Strategies for Building a Movement Interventions to Enhance Hepatitis C Testing and Linkage to Care Among People who Inject Drugs</p>
Women's Health	<p><u>Improving Health Literacy to Enhance Adherence and Retention</u></p> <p>Wisdom Matters: Enhancing Health Literacy in HIV+ Women Using a Community- Based Intervention Leveraging the Emergency Department Visit to Debunk Myths on HIV and STI Risks Among African American Women “You Won’t Silence These Lambs”: Combining the Voices and Bridging the Gaps in HIV Treatment and Prevention Among Cisgender and Transgender African American Women in the South. The Influence of Limited HIV Knowledge and Awareness on the Low Uptake of PrEP Amongst Black Women in Southeastern Alabama</p>

Lunch Plenary: SYNCing on Aging, HIV and PrEP - 12:30 PM - 2:00 PM

TRACK SESSION 2 - 2:15 PM - 3:45 PM

Clinical Health	<p><u>Methods for Enhancing Viral Suppression</u></p> <p>Ending the Epidemic: A National Quality Improvement Initiative That Led to Increases in Viral Suppression Rates within the DC Metropolitan Area. Continuous Quality Improvement as a Vehicle to Enhance Care in Alabama’s Ryan White Part C and D Clinics Improving Viral Load Suppression Rates for Individuals with Mental Health Issues and Persons Who Use Drugs 200 Below: Do Financial Incentives Work to Support Viral Load Suppression? Lessons Learned from a Pilot Program at a NYC Community Clinic</p>
Health Systems / Fiscal Health	<p><u>Organizational Sustainability Models</u></p> <p>Paradigm Time: From an HIV Clinic to an HIV Prevention Organization</p>
Hepatitis C	<p><u>HIV and HCV Integration</u></p> <p>Everything but the Kitchen SYNC: Combining Virginia's HIV and Hepatitis Testing Programs Emergency Department HIV and HCV Screening and Linkage to Care in a High-Prevalence, Underserved Community Behavioral Health Co-location to Facilitate HIV and HCV Care in the Non-Metropolitan South</p>
HRSA/HAB	<p><u>Community Engagement</u></p>
Innovative Practice	<p><u>Partnerships and Integration</u></p> <p>Safe & Sound Return Partnership, Access to Care & Employment Project</p>

Innovative Linkage to Care Outcomes Between an ED and Community Provider Partnership
Impact of the Tobacco Use Reduction Program in People Living with HIV on Their Smoking Behavior: A Pre and Post Comparison Study in Michigan, 2017
Synergistic Partnerships: How Collaborating with Emerging Community Based Organizations, ECBOs, Can Improve Program Effectiveness

LGBTQ+

Data to Improve Care

Sexual and Gender Minority Healthcare in Nevada: A Review of Increasing Access and Capacity thru Advocacy, Education, Policies, Legislation, and Practices Over the Past Decade
Aligning Data on Gender, Sexual Orientation, Race, and Ethnicity within a Large U.S. Health Department

MSM of Color

Engagement and Community Collaboration

Black Gay Men Aren't Hard to Reach: Strategies for Welcoming Black Gay Men at the Door
Innovative Approaches to HIV Prevention: Prioritizing and Engaging MSM of Color in South Central Texas
Nebraska Stigma Summit: A Statewide Multisystem Collaborative to Address HIV Related Disparities in Black Gay and Bisexual Men
Countering the Narrative: Exploring the Relationship between Wellness and Resilience in Black Men who have Sex with Men Living with HIV (BMSM+)

PrEP

Health Navigation and PrEP/PEP

Lend Me Your E.A.R. Examining PrEP use via Engagement, Adherence and Retention
Kickstarting PrEP: A Community Health-Focused Pilot Project
Feeling the Benefit? Developing and Evaluating the NYC Benefits Navigation Training for PrEP and PEP
PEP - Missed Opportunities ?

Social Determinants of Health

LGBQ Education Around Social Determinants of Health

Serving the Underserved in the Buckeye State: The Equitas Health Institute
Understanding LGBTQ+ Bias/SOGI Improves HIV Screening
From Policy to Practice: A Case Study on LGBTQ Inclusion on Sexual Health Education

Substance Use / Opioids

Patient Engagement

Making Patient-Centered Care Work: Building Patient Advisory Committees in Substance Use Treatment Organizations
Evidence of the Impact of the Circle Model on ekiM, a Rural Syringe Exchange Program
Use of a Warm Room to Facilitate Hepatitis C Linkage to Care among People Who Inject Drugs
Cultural Considerations Specific to Engaging Latinx Men who have Sex with Men (MSM) Being Ravaged by Crystal Meth Based on Work Conducted on the U.S. —Mexico Border

Women's Health

Engaging Women in HIV Care

Girl Talk: Developing and Evaluating Effective Virtual Support Groups for HIV-Positive Women to Improve Health Outcomes and Access
The Re-Engagement of women Living with HIV into Care, who have been Lost-to-Care or Never-in-Care, through the Utilization of Surveillance Data to Care Analysis and HIV Prevention Methods
H.U.M.O.R. Heal, Understand, Motivate, Outreach and Retain: Using Laughter to Attain and Increase Retention in Care and Services among HIV Patients

TRACK SESSION 3 - 4:00 PM - 5:30 PM

Clinical Health

Improving Clinical Outcomes

A Primary Care Medical Home for Exploited Youth in the Nation's Capital: A Promising Practice Model
Advancing Biomedical Adherence in HIV Care for Men of Color through Community-Research Partnership
Stay Connected! Transforming Your Healthcare Setting to Improve Clinical Outcomes Among People with HIV
Assessing and Building HIV Self-Management Skills

Health Systems / Fiscal Health

340B Compliance

340B Program: Balancing Optimization and Compliance
Maximizing your 340B Program: Enhance Services and Compliance Strategies for Grantees

Hepatitis C

Incarceration and Re-Entry

Expanding Access to Treatment for Hepatitis C (HCV): Addressing Linkage to Care Needs on Re-Entry to Society from Incarceration
Hepatitis C: Substance Abuse, Hepatitis C and Linkage to Care for those that were Formally Incarcerated
Ending the HIV and Hepatitis C (HCV) Epidemics in New York State: A Model for Addressing Health Disparities Experienced by Incarcerated and Formerly Incarcerated Individuals Living with HIV and / or HCV
Self Discovery in Motion: Supportive SUD, COD, HIV and HCV Services for Formerly Incarcerated LGBTQIA2-S Youth in Los Angeles County

HRSA/HAB

Technical Assistance and Available Resources

Innovative Practice

Data Collection and Sharing

Shared HIV Networks (SHiNe): Leveraging Michigan's Integrated Health Department to Create an Innovative Molecular HIV Surveillance (MHS) System
Client Surveys for Continuous Quality Improvement: Lessons Learned from Maryland's Ryan White Client Satisfaction Survey
Consumer Output in FOCUS: Rethinking Consumer Engagement for the 21st century
Data To Care - A Multidisciplinary Approach

LGBTQ+

Smoking Cessation

Yearning to Breathe Free: Vulnerability, Medical Mistreatment, and Improving Outcomes for LGBTQ Immigrants Living with HIV in U.S. Detention Facilities
Whose Lung Is It Anyway?: A Trauma Informed Approach to Smoking and Harm Reduction in the LGBTQ Community

MSM of Color

Peer Navigation

Peer-Support: Adapting an EBI to Achieve Viral Load Suppression Among LYLWH
Peer Navigation Training for HIV Treatment and Prevention in Mississippi

PrEP

Scaling Within Priority Populations

For Us By Us: Increasing the Uptake of PrEP in the Black Community
Increasing Access to PrEP for Victims of Domestic Violence
Increasing PrEP Engagement within the Trans Community
The Impact of an HIV Pre-exposure Prophylaxis (PrEP) Counseling Intervention among Women Seeking Family Planning Care

Social Determinants of Health

Trauma

Let's Spill the "T"...A Trauma Informed Approach to HIV Prevention
Stronger Together
Breaking Cycles-Using Genograms to Break Trans-Generational Trauma

Substance Use / Opioids

Integrating SUD/ODU Services

Integrating Harm Reduction Support Strategies in Routine HIV and HCV Screening
How Harm Reduction and Primary Care Lower Barriers to SUD Treatment
Expanding Access to Medication to Treat Opioid Use Disorder in Corrections: Reducing Risk and Saving Lives
Comprehensive Syringe Service Programming: Best Practices for Integrating Hepatitis C Services, Behavioral Health, and Medications for Opioid Use Disorder Treatment

Women's Health

Disparities Among Women in Ending the Epidemics

Be the Change You Seek in Resistant Communities: Reproductive Justice, HIV Criminalization and the Impact Beyond the Courtroom
Sex and Disclosure
The Invisible Community: Healthcare Barriers for Black Lesbian and Queer Women & Girls

Tuesday, May 12th, 2020

Breakfast Plenary: SYNCing to End the Epidemics - 9:00 AM - 10:30 AM

TRACK SESSION 4 - 10:45 AM - 12:15 PM

Clinical Health

Expanding a Healthy Workforce

When the Professional and Personal Overlap: Providing Care among Your Own Community
Providing Support for the Provider: Approaches to Enhancing Joy and Reducing Burnout for Clinicians in Community-Based and Health-Care Settings
HIV Workforce Resiliency
Attending to Experience: The New Jersey CHW Experiment

Health Systems / Fiscal Health

To Be Determined

Hepatitis C

Policy and Program Development

Health Disparities in Access to Viral Hepatitis Prevention and Care in the U.S.
A Health Department Data-to-Care Approach to Improving Hepatitis C Screening and Treatment Rates in Clinical Facilities in New York City
Models to Eliminate Viral Hepatitis in 4 U.S. States: The Power of Effective Partnerships
Expanding Access to Syringe Service Programs is Essential to HCV Elimination: Lessons from State and Local Leadership in Action

HRSA/HAB

Technical Assistance and Available Resources

Advancing Practice

Sexual Health Messaging Among MSM and Minorities

Why Media Matters in Ending the HIV Epidemic: Tools for Connecting MSM & Minority Communities to Information & Services
Integrating CDC's Let's Stop HIV Together Campaign in Communities and Clinical Practices

LGBTQ+

Programmatic Work

Keeping the Sex in Sexual Health: A Sex Positive Approach to Community Outreach and Prevention in MSM Sex Venues
Gender-affirming Pregnancy Options Counseling
The Role of Peer Support in HIV Prevention and Treatment
Developing and Delivering An Ally Training Program in Caring for the Health of Lesbian, Bisexual, and Queer Women

MSM of Color

Expanding HIV Prevention and Care Opportunities

Two Blue Pills (The Game Changer or STD Makers) U = U and PrEP

PrEP

Health Systems and PrEP

Developing Staff Capacity to Provide PrEP Medical and Education Services
Utilizing Emergency Departments for PrEP
A Midwestern Health System's Approach to Expanding HIV Preventive Care via an Interdisciplinary PrEP Patient Navigation Program
An Evaluation of Virginia's PrEP Ambassador Program: Telling the Story of Social Media Influencers and Impact on MSM and Transgender Followers

Social Determinants of Health

Mental Health and Housing

Beyond A Snapshot: Understanding the Interface Between HIV, Mental Health, and Substance Use
Prevalence and Correlates of Mental Health Diagnosis among People with HIV Receiving Ryan White Part A Services in New York City
The Ryan White HIV/AIDS Program and the Role of Housing in Healthcare

HIV Workforce

Diversifying the HIV Workforce

Decolonizing the Healthcare and Social Service Field
Our Leadership and Our Stories - From Marginalized to Emerging: NASTAD's Minority Leadership Program Is Building Leadership Among Persons of Color Working in Health Departments
Project IMPACT: An ASO and HBCU HIV Prevention Partnership Serving Young Adults of Color in the Deep South
HealthHIV's HIV Prevention Certified Provider Program

Women's Health

To Be Determined

Lunch Plenary: To Be Determined - 12:30 PM - 2:00 PM
